BASE
LAYER
COLLECTION

BREATHABLE HIGH PERFORMANCE BASE LAYERS KEEP YOU DRY AND WARM, UNLIKE COTTON, WHICH ABSORBS MOISTURE AND CAUSES YOU TO FEEL COLD.

ACTIVE BASE LAYER

- X-Static[®] enhanced fiber thermodynamically regulates temperature by conducting body heat out in warm weather and reflecting body heat back to the skin in cold weather
- Permanently treated for long-lasting antibacterial performance undiminished even after 250+ washes
- Silver woven into fiber instantly binds with odor-causing agents such as ammonia and denatured proteins to eliminate odor instantly
- Mesh panels strategically located for better ventilation and accelerated drying
- Compressed fabric for added comfort

92% Polyester, 6% Spandex, 2% X-Static

Men's Top • 286332 • M, L, XL, 2XL, 3XL • Black (90)

Men's Bottom • 286333 • M, L, XL, 2XL, 3XL • Black (90)

ULTRALIGHT BASE LAYER

- Made of coconut fiber actively ensuring evaporative cooling, odor absorption, and elimination of moisture while retaining heat
- Mesh panels strategically located for better ventilation and accelerated drying

68% Polyester, 32% Coconut Fiber

Men's Top • 286338 • M, L, XL, 2XL, 3XL • Charcoal Grey (07)

Men's Bottom • 286339 • M, L, XL, 2XL, 3XL • Charcoal Grey (07)

THERMAL BASE LAYER

- Made of multifilament polyester enhanced by light brushing to ensure softness and warmth
- Spandex fabric for ease of movement

95% Polyester, 5% Spandex (Brushed)

Men's Top • 286334 • M, L, XL, 2XL, 3XL • Charcoal Grey (07)

Men's Bottom • 286335 • M, L, XL, 2XL, 3XL • Charcoal Grey (07)

THERMAL BASE LAYER

- Made of multifilament polyester enhanced by light brushing to ensure softness and warmth
- Spandex fabric for ease of movement

95% Polyester, 5% Spandex (Brushed)

Ladies' Top • 286336 • XS, S, M, L, XL, 2XL • White (01)

Ladies' Bottom • 286337 • XS, S, M, L, XL, 2XL • Charcoal Grey (07)

MICRO-FLEECE
BALACLAVA

Stretch, antibacterial warming fleece fabric with brushed inner surface. Flatlocked seams prevent skin chafing.

92% Polyester, 8% Spandex

447565 • One size • Black (90)

BASIC BALACLAVA

Comfortable balaclava designed for protection from cold and moisture. Flatlocked seams prevent skin chafing.

80% Nylon, 20% Spandex

447449 • One size • Black (90)

NECK WARMER

Provides breathable and windproof performance.

60% Polyester, 30% Nylon, 10% Spandex

447410 • One size • Black (90)

NECK GAITER

Spandex binding for a better fit. Anti-pilling fleece.

100% Polyester

286331 • One size • Black (90)

ULTRALIGHT SOCKS

Extreme resistance to cold and active management of perspiration moisture. Dri-release[®] wool easy to maintain. Elastic ankle and arch support for superior comfort and adjustment. Vented mesh panel keeps feet warm and dry by good ventilation.

49% Polyester, 25% Polyamide Nylon, 17% Polypropylene, 7% Merino Wool, 2% Elasthane

286340 • S/M, L/XL • Black (90)

THERMAL SOCKS

Same thickness as thermal socks, but lighter, warmer and better moisture-wicking performance. Thermolite[®] hollow-core fibers deliver a new sensation of comfort and warmth concentration. Stay-up comfort top keeps socks up. Elastic ankle and arch support for superior comfort and adjustment. Fully cushioned shin segment.

48% Polyester Thermolite, 30% Polyamide Nylon, 16% Merino Wool, 4% Acrylic, 2% Elasthane

286341 • S/M, L/XL • Black (90)

WINDPROOF LAYER

Additional wind protection for the neck and torso. Warm and breathable. Zipper on shoulder for easy slip on/off, even while wearing a helmet. Flatlocked seams to prevent skin chafing.

100% Polyester

286348 • S, M, L, XL, 2XL • Black (90)

RIDING PROTECTION

RETRO REFLECTIVE
ARMBAND

To wear on bicep over a jacket to be more visible. Velcro attachment.

453674 • One size • Hi-Vis Yellow (26)

Meets France retro-reflective equipment legislation.

REMOVABLE BACK PROTECTOR

High shock absorbing performance. Maximal comfort. Can be inserted in most Can-Am Spyder riding gear inside pouches for extra protection.

100% Polyester
447871 • One size • Black (90)

CAN-AM SPYDER GEAR USES INNOVATIVE TECHNOLOGIES, INSULATIONS, FABRICS AND FIBERS TO KEEP YOU DRY, WARM AND COMFORTABLE.

CORDURA

Fabric designed for living and built to last, providing exceptional resistance to tears, scuffs and abrasions.

DWR

DWR stands for Durable Water Repellency. This treatment helps prevent the outer fabric surface from absorbing water, keeping the outerwear both light and comfortable.

TFL COOL SYSTEM

Sun energy reflective technology used on black textile to improve thermal balance for ultimate wearing comfort.

SYMPATEX

Best membrane on the market. Most durable, waterproof, breathable, biodegradable. No loss of technical properties as garment ages. Seams are 100% waterproof sealed with original Sympatex tape. Built with strict set of standards voluntarily applied by manufacturer over and above industry requirements.

OUTDRY

Outdry is a seamless waterproof, windproof and breathable membrane that is actually bonded to the outer layer of gloves. This keeps hands warm by preventing water from collecting between the outer layer and membrane, as in other constructions. It also gives you a more solid, sensitive grip.

TEFLON

Teflon provides an invisible barrier around fabric fibers to repel water and stains. In addition to retaining its water shedding properties longer than standard Teflon, Teflon HT and HP are also even more resistant to soiling and staining without altering the fabric's color, appearance, structure, texture and breathability. Teflon HT is good up to 20 washes, and Teflon HP up to 30 washes, compared to manufactured coatings washable only 1 to 5 times.

PRIMALOFT

Warmer, drier, softer and more compressable than any other synthetic insulation.

HIPORA

Windproof, breathable and waterproof membrane that features unique polyurethane coating technology and delivers excellent moisture management.

RPM

Developed by BRP for riders like you, RPM provides maximum warmth no matter how tough the ride or how cold the environment.

RPM MAX

Respiractive Performance Matrix coating exclusive to BRP riding gear, for perfect climate control. Shell waterproofed, windproofed and breathable to BRP riding gear specifications for demanding riders. Sealed seams and logos. Extra direct venting for more efficient moisture management during intense riding or warm weather.

OUTLAST

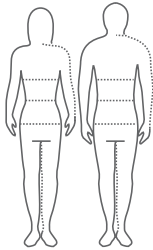

Outlast technology is the original temperature-regulating technology. Outlast technology balances your temperature through the use of patented Thermocules™ that absorb and store excess heat, releasing it when you need it most. Products with Outlast technology respond to your constantly changing body temperature to help keep you comfortable. not too hot, not too cold.®

LIFETIME WARRANTY

Bombardier Recreational Products Inc. (BRP) warrants that all its 2014 Sympatex® Riding Gear sold as new and unused by an authorized BRP dealer will be free from any defect in material and / or workmanship for the lifetime of the product. The lifetime of a product does not mean your lifetime. The intensity under which the product is used determines this factor. Rips, tears, punctures, holes and burns will void the product lifetime warranty even if the warranty issue is not related to these damages.

/// SIZING CHART

HOW TO MEASURE

For best results, have someone else take measurements. Measure body in underwear. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

HEAD

Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

CHEST/BUST

Measure under your arms, around the fullest part of your chest.

WAIST

Measure around your natural waistline, keeping one finger between the tape and body.

HIPS

Across the fullest part of the seat.

INSEAM

Without shoes, from crotch to the floor.

ARM LENGTH

Let hands down the side in a slightly bent position. Measure from center back neck bone, along shoulder point and elbow, to bottom of wrist bone.

GLOVES

Measure palm width.

WHAT CODE REPRESENTS YOUR SIZE?

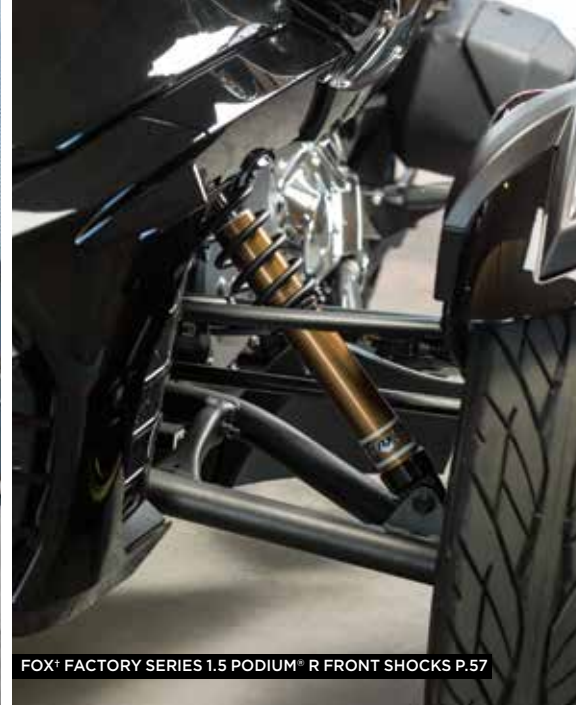

- Find your size.
- The corresponding code is **THE CODE** you use to complete the part number on your order.
Example: 440 227__90
Size: **M** = Code 06
Therefore 440 227 **06** 90

For tall sizes, look for the "T" next to the size. Example: "MT" stands for Medium Tall.

The Spyder F3 features an authentic cruising riding position for a feeling of complete freedom and confidence. The exclusive Spyder F3 UFit system lets you precisely position the pegs according to your height and choose the handlebar based on your preferred riding style - ensuring a truly customized riding experience

A CUSTOM FIT FOR EVERY RIDER.

FULL RANGE OF ADJUSTABILITY FOR DIFFERENT RIDER SIZES AND RIDING STYLES.

PERSONALIZE YOUR SPYDER F3 WITH GENUINE CAN-AM SPYDER ACCESSORIES.

HANDLEBARS & LINKAGES

SHORT REACH HANDLEBAR
Part of the UFit system. Perfect for shorter riders using peg position 1 or 2.
Spyder F3
219400545 - Chrome (Clamp Kit included) 219400546 - Carbon Black

STOCK HANDLEBAR
Part of the UFit system. Same shape and reach as the stock handlebar, with a chrome finish. Fits best with peg positions 3 or 4.
Spyder F3
219400547 - Chrome (Clamp Kit included)

LONG REACH HANDLEBAR
Part of the UFit system. The longer reach causes the torso to lean forward, bringing the riding position closer to the console. Perfect for taller riders using peg position 5.
Spyder F3
219400548 - Chrome (Clamp Kit included) 219400549 - Carbon Black

ATTITUDE HANDLEBAR
Part of the UFit system. The shape has an impact on the riding position, leaning the torso towards the console and tilting the arm and wrist position.
Spyder F3
219400550 - Chrome (Clamp Kit included) 219400551 - Carbon Black

BRAKE & SHIFTER LINKAGES
Part of the UFit System. Find the best riding position for you. Replace stock linkage to set pegs to different positions.
Spyder F3 SE6
-2 - Position 1 - 219400561
-1 - Position 2 - 219400563
+1 - Position 4 - 219400566

LIGHTS & ELECTRICS

HID XENON LIGHTING SYSTEM

HID Xenon high and low beam lighting system provides lighting for 3 times more light on the road compared to traditional halogen headlights. Each light uses a tube of Xenon gas and other gases, placed between 2 high-voltage electrodes that emit a bright bluish white light when electrodes are activated. Quality German-made Hella ballasts are used to regulate the flow of electricity providing a high intensity beam that never fluctuates. HID lights consume only 35W of electricity, making them over 3 times more efficient than traditional halogen bulbs. Attractive light is comfortable and very close to the natural sunlight. Improves night visibility.

Spyder RS 2012 and prior
219400083

COMBINATION HARNESS

Required when combining the HID Xenon Lighting System (219400083) and the Fog Lights (219400084).

Spyder RS 2012 and prior
219400089

FOG LIGHTS

Enhance low beam light for better visibility at ground level and on sides. Uniquely styled halogen fog lamps feature a 35W bulb and clear lens with a faceted inner reflector. Easy installation. Not available on EC homologated vehicles.

Spyder RS, ST 2013-2015
219400614 (Harness included)

GARMIN® ZUMO® 590 GPS

Features a glove-friendly and sunlight-readable 5" dual-orientation touchscreen display. Offers hands-free phone control and spoken directions heard in-helmet via Bluetooth® 5 technology. Includes an MP3 player. iPod® and Pandora® compatibility. Allows control of music right on the display. Rugged and tough enough to withstand fuel spills, UV rays and harsh weather. Offers access to real-time weather and traffic information via the Smartphone Link app. Free lifetime map updates. Curvy Road Routing allows rider to find winding roads. Support sold separately.

All models 2015 and prior
219400512

ADJUSTABLE GPS MOUNTING KIT (FOR STOCK HANDLEBAR)

Mounting kit for Garmin Zumo 590 GPS with adjustable support that fits on stock handlebars. The support conveniently swivels to offer the right position for all riders or light conditions. Includes casting, electric harness, rubber boot and hardware. GPS sold separately.

Spyder RT 2015 and prior, RS, ST 2013-2015

GENUINE PARTS & MAINTENANCE PRODUCTS

DON'T TAKE A CHANCE WITH PARTS. IT'S YOUR FREE TIME WE'RE TALKING ABOUT.

EVERY PART COUNTS

PROTECT YOUR INVESTMENT
BY USING ONLY
GENUINE BRP PARTS

XPS. THE ONLY OIL ENGINEERED BY BRP FOR THE LEVEL OF PERFORMANCE YOU EXPECT.

/// FOR THE FULL XPS STORY, VISIT XPSLUBRICANTS.COM (ENGLISH/FRENCH ONLY)

WHY USE
XPS OIL
IN YOUR
CAN-AM
SPYDER?

Oil matters. The right oil will give your engine the best performance, reliability and long life. It's a balancing act to deliver all three attributes and only XPS is specifically designed to do just that in Rotax engines.

We offer our own oil for a very good reason – **your satisfaction**. There is no regulatory standard for oil performance for the recreational industry, so each manufacturer or aftermarket company establishes its own standards, test procedures and quality controls. We want you to have the best experience with your Can-Am Spyder vehicle, so we set high standards for XPS oil. It's not just about making money, as is sometimes claimed. We spend millions of dollars **developing the right formulas**, and testing them. We test every engine type that we produce for hundreds of hours in the dyno room and thousands of miles in real world riding

– and we keep testing and reformulating as technology advances.

XPS is great value. XPS doesn't cost much more than an aftermarket brand and delivers real peace of mind. Is it worth using a product that may not deliver the best ownership experience to save a couple of bucks? That's up to you to decide. Something to keep in mind: If you're buying or selling a used recreational product, most people have more confidence in the one using the manufacturer's recommended oil – you feel that the owner didn't skimp anywhere else either.

The oil used for automobiles (Passenger Car Motor Oils, or PCMOs) are formulated for what automobile manufacturers need for their vehicles. XPS puts more emphasis on high viscosity performance, shear stability and optimum torque characteristics for BRP's wet clutches, unlike competing PCMOs. And it protects against corrosion after a day of riding or pressure washing, long storage periods where condensation can become an issue, and oil degradation due to today's inconsistent fuel quality.

XPS OILS AND MAINTENANCE PRODUCTS

XPS ENGINE OILS

XPS 4-STROKE SYNTHETIC OIL - ALL CLIMATE GRADE*

Unlike other ordinary 4-stroke motor oils, XPS all climate grade synthetic 4-stroke oil is specifically engineered to meet the particular lubrication requirements of the Can-Am roadster vehicles equipped with Rotax 4-TEC™ 4-stroke engines. Provides easier starting in very cold temperatures.

1 quart (946 ml) • 293600112
1 US gallon (3.785 L) • 293600115

XPS 4-STROKE SYNTHETIC BLEND OIL - SUMMER GRADE*

Synthetic blend 4-stroke engine oil for the Rotax 4-TEC engine. XPS summer grade synthetic blend on-road vehicle engine oil is a high performance lubricant developed for riders who demand maximum engine performance and protection during all operating conditions.

1 quart (946 ml) • 293600121
1 US gallon (3.785 L) • 293600122

XPS 4-STROKE OIL CHANGE KIT*

Complete maintenance right out of the box: O-Ring, XPS Oil, Rotax Oil Filter and instruction sheet.

XPS MAINTENANCE PRODUCTS

XPS CARBON FREE FUEL TREATMENT

Cleans valves, piston rings and combustion chamber. Controls moisture problems inherent in ethanol-blended fuels.

355 ml
219702533

XPS DOT 4 BRAKE FLUID

Exceeds DOT 3 and 4 requirements. Unique low-moisture formulation providing maximum protection against vapor lock. Recommended in Ski-Doo snowmobiles and Can-Am roadster vehicles.

293600131

PRE-MIXED ANTIFREEZE/ COOLANT

Pre-mixed, ready to top up your coolant level. Blended with anti-corrosive additive to perform best in our Rotax engines.

1 quart (946 ml)
219702685 (5 years)
219700362 (2 years)

XPS CLEANERS

XPS ROADSTER CLEANING AND DETAILING KIT

Everything needed for care and cleaning. Includes multi-surface Metal Polish, degreasing Roadster Wash, showroom shine Spray Cleaner & Polish, super absorbent and machine washable Microfiber Towels.

219702872

XPS ROADSTER WASH

A green degreaser that removes dirt and road grime better than any other cleaner. Simply spray on and rinse off. When used as directed, XPS Roadster Wash is safe for all roadster finishes and is biodegradable and non-toxic.

219701703

XPS METAL POLISH

Cleans, polishes and protects most metal surfaces, such as chrome, stainless steel, nickel, aluminum, brass, bronze, copper, platinum, magnesium and more. (Not recommended for use on anodized or clear-coated finishes.)

219701707

XPS SPRAY CLEANER & POLISH

Removes road grime, dirt, grease and bugs from land vehicles as well as scum lines and water marks. Spray on, then buff out, without water. When used as directed, it leaves a showroom shine that protects against sun damage, ozone damage and dirt accumulation. XPS Spray Cleaner & Polish works great on painted surfaces, fiberglass, chrome and plastics found on your watercraft, roadster, motorcycle, snowmobile and more.

219702844

XPS BRAKES & PARTS CLEANER

A concentrated blend of solvents with a powerful blasting spray that effectively removes grease, grime, brake fluid and other contaminants from brake components and metal parts without the need for disassembly. This brake and parts contact cleaner evaporates instantly and completely, leaving no residue to hinder performance. Contains no ozone depleters.

219701705 (US)

XPS MICROFIBER TOWELS

Made up of extremely fine fibers, their soft surfaces have been perfected for drying and polishing boats, motorcycles, roadsters, cars or any shiny finish. XPS Microfiber Towels are so absorbent they hold up to seven times their weight in water. Machine washable means they can be used over and over again.

219701759

* Contact your Can-Am Spyder dealer for suggested retail prices of oil based products.

RECOMMENDED PERIODIC MAINTENANCE SCHEDULE

Going to your BRP dealership for regular maintenance servicing can prevent bigger and more expensive repairs in the long run. Just follow the recommended maintenance schedule. It was designed by experts who understand your Can-Am Spyder and know how to keep it in top form. Take care of your vehicle by maintaining it using strictly BRP and Rotax OEM or 100% Can-Am-approved parts and products. You bought the best vehicle available on the market. It deserves the best maintenance products in the world.
